S.L.A.N.T. notes – Teacher

*In order to be a successful student there are some classroom behaviors you should practice.*

**S** = Sit in the Front. If given the choice, sit in the front of the classroom. You will be more apt to pay attention. You can interact more easily in discussions and focus on the teacher.

**L** = Lean Forward in your Desk. You will appear more interested and ready to learn. Remember to sit up straight- no slouching!

**A** = Ask Questions. Ask **meaningful**, higher level questions about class activities, discussions, lectures and the class work. Often, one student's question can help many others understand the lesson. Students' questions help teachers know how well the lesson is going.

**N** = Nod your Head. When the teacher looks at you he/she will know that you understand and are paying attention.

**T** = Talk to the Teacher. Teachers really enjoy talking to their students formally and informally. Take time to give your teacher feedback, or ask another question. Don't forget to greet your teacher too. A 'hello' and 'have a good day' lets the teacher know you have manners!
